CONSTRUCTION: Virtually indestructible desk Performer Music Stand. Minimum order six stands. Multiples of six thereafter. What every school needs is an unbreakable music stand, which nests for compact storage, and which has no knobs to fiddle with or get lost. The Performer delivers this and more, with rubber feet to protect the floor, an extra lip on the music tray for pencils and erasers, and a base designed to enable the music stands to nest next to each other for compact storage. But it goes one big step further. At 72 cm its closed height is nearly 25% less than comparable music stands, which means you can store it away where other music stands don't fit. In an average height room you could even store Performer stands on three layers of shelves. Epoxy powder coated trolley, carries up to 20 stands without lamps or instrument shelves. Steerable castors can be locked. Measures 1735 x 580mm
